

**Japan/Taiwan - Dr. Charlie Chen / CIS / 262-6504 / chench@appstate.edu
or Dr. Jerry Fox /MGT /262-6225 / foxjb@appstate.edu**

Three week experience in Taiwan and Japan. In Japan we have arranged home stays with local families that have been a high point of the program with past travelers. We visit historic sites and numerous modern businesses in both countries. Students will socialize with local students interacting with the program and experience many aspects of the local culture firsthand including: tea ceremony, archery, sumo wrestling, traditional music, language experience and museums. Students will acquire enough business skills and build up personal networks to succeed with their future business ventures in Japan and Taiwan.

May 12 - June 2, 2008. **\$3,800**
