## Transportation Policy & Map AS-U-GO Global Outreach Speaker Program

We ask that schools provide the transportation for individual speaker visits to and from the App State campus for requesting teachers / classrooms in our local schools. Most of our AS-U-GO Speakers are international students and therefore do not own vehicles. We recommend coordinating transportation with parent volunteers, Teacher Assistants, or PTA/PTO members. Please invite transportation volunteers to attend and participate in the speakers' classroom conversations with the students. Speakers should be picked up at the designated time and at the corner of University Drive, at the base of I.G. Greer Hall.

For day-long "World Cultures Day" programs, International Outreach will provide the transportation of speakers.

Directions to pick-up point: From Blowing Rock Rd, take a left at the light by the Convocation Center to River St. Take your first right at the light onto University Drive (tennis courts on your right). At the stop sign, turn left onto Appalachian Street, and follow it until you come to the New Central Dining Hall and must bear right up the hill. Immediately after the road levels out you'll see on your left the base of I.G. Greer Hall - (PICK UP HERE). To exit area, continue straight out to Hardin St. (U.S. 321).
